FOR IMMEDIATE RELEASE

Trane Will Hold Stimulus, Credits and Incentives Seminar for Indiana Manufacturers *Ice Miller LLP Tax Group will Lead First Event in Insight Series*

Indianapolis, Ind., Nov. 3, 2009—The Trane commercial business in Indiana is launching an Insight Series to provide Indiana manufacturers with the knowledge they need to run their energy management programs and save money in the process.

The first installment of the series offers a presentation on the American Recovery and Reinvestment Act of 2009 (ARRA, also known as the Stimulus Bill) and other tax credit and incentive programs.

The seminar will be led by Paul Jones, partner in the Ice Miller LLP Tax Group, who will present a "nuts and bolts" explanation of the stimulus package and other incentives and how they directly impact Indiana manufacturers. As part of one of Indianapolis' largest law firms, Jones' practice specializes in federal and state tax law, including new markets tax credits, tax-exempt bonds and sustainable development and renewable energy projects.

Additional presentation topics include tax credits and incentives for real estate development or expansion of facilities and bond programs (new and modified) for the private sector. Attendees will learn how the stimulus, credits and incentives can provide financial opportunities for growth, as well as the development or expansion of an energy management program. Lunch will be provided.

Event details:

When: 11 a.m. – 1 p.m. on Nov. 11

Where: Trane, 5355 North Post Road, Indianapolis, Ind. 46216

Cost: Free

The Insight Series is part of the Trane Energy Optimization and Sustainability Program, launched in Indiana to help industrial companies reduce energy costs by as much as 20 percent, positively impacting the environment and the bottom line.

Individuals can register for the event at www.TraneIndustrialOptimization.com.
