

Every Trane 80% furnace delivers an Annual Fuel Utilization Efficiency (AFUE) of 80%, exceeding federal government standards for furnace efficiency. This means that 80% of the energy you pay for is converted into heat that keeps your home comfortable no matter what the weather's like outside.

# TRANE® LINK TECHNOLOGY FOR OPTIMAL PERFORMANCE.

Trane's communicating 80% gas furnaces are designed to deliver premium indoor comfort with precise control over temperature, humidity and air quality. On our 80 Two-Stage Variable Speed Gas Furnace our advanced Trane Link communicating technology seamlessly connects each of your system's components, allowing for advanced diagnostics, system performance updates, and optional remote monitoring that can help keep your system running at optimal performance levels throughout its lifetime.

### MULTIPLE OPTIONS FOR EFFICIENT HEATING.

Trane's 80% two-stage gas furnaces offer an ideal blend of comfort and efficiency by adjusting fuel usage and run times to deliver just the right amount of heat. With these adjustments, you'll experience enhanced comfort, reduced temperature swings, and lower energy bills. Meanwhile, Trane's 80% single-stage gas furnaces provide an affordable option with the durable components you expect from the Trane brand.

Select models include innovative Trane Link technology, which uses Bluetooth to communicate between system components. Simply opt in through the Trane Home app to have your system's data remotely monitored for even the slightest system changes—letting you relax and enjoy the exceptional comfort your variable speed system provides.

# **SEET® TESTED**

Every Trane system is put through some of the most extreme conditions found in nature in our SEET [System Extreme Environmental Test] lab. Put through five years of severe wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

AMERICA'S MOST TRUSTED® HVAC BRAND 9 CONSECUTIVE YEARS¹

MOST RELIABLE HEATING AND COOLING EQUIPMENT BRAND $^{\mathrm{2}}$ 

<sup>1</sup>Trane received the highest numerical score in the proprietary Lifestory Research America's Most Trusted® HVAC Brand study for years 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022 & 2023. Study results are based on experiences and perceptions of people surveyed. Your experiences may vary. Visit www.lifestoryresearch.com

2Trane Technologies Marketing Insights. Trane Brand Consumer Survey. June 2021.

#### A CLOSER LOOK

#### Silicon Nitride Hot Surface Igniter

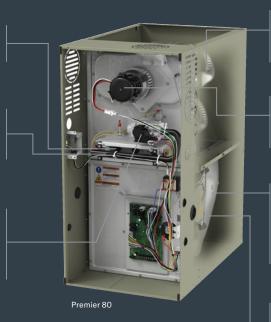

Provides a highly reliable ignition system for longer service life.

#### **Multi-Port In-Shot Burners**

Perfectly shape the flame cone for the maximum heat possible while using less fuel.

#### Two-Stage Gas Valve

Adjusts fuel use based on your heating demand, providing more comfort with lower, longer run times and reduced temperature swings.

#### **Aluminized Steel Heat Exchanger**

Has a reliable design that resists corrosion, efficiently transfers heat, and is backed by a 20 year warranty.

#### Two-Speed Draft Inducer

Works seamlessly with the two-stage gas valve to enhance efficiency, comfort and reliability.

#### High Efficiency Variable Speed Blower Motor

Quietly distributes heat throughout your home while carefully controlling humidity levels by utilizing Comfort-R technology to regulate airspeed.

#### Vortica™ II Blower

Is quiet and efficient in both heating season and cooling season, and is only available from Trane.

## Trane Link Communicating Capability

Creates a seamless connection between system components to monitor system performance and efficiency - helping deliver optimal comfort.

The Premier 80 shown are for illustration purposes only. Please note that features and components may vary by model. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

#### COMFORT. CONTROL. EFFICIENCY.

Optimize the comfort and efficiency of your home with the Trane Home smart comfort system.

The Trane Home mobile app gives you remote access to your HVAC system through your connected Trane smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

#### WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home¹ where the air can be up to 5X poorer quality than the air outside². To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.

#### TRANE CLEANEFFECTS® AIR CLEANER

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles<sup>3</sup> that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus<sup>4</sup>. This level of filtration makes it up to 100X more effective than a standard 1" filter<sup>5</sup>. Plus, it's the ONLY whole-home electronic air cleaner that is certified asthma & allergy friendly by the Asthma & Allergy Foundation of America.

Trane CleanEffects® is verified zero ozone producing so you can breathe easier knowing your air is free from harmful byproducts.6

#### **ENERGY RECOVERY VENTILATORS (ERV)**

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

#### **HUMIDIFIERS AND DEHUMIDIFIERS**

Deliver the right amount of moisture to the air throughout your home, adjusting from summer to winter.
